## The Wreck of Faith

By REV. J. H. RALSTON, D. D.  
Secretary of Correspondence Department,  
Moody Bible Institute, Chicago

TEXT.—I marvel that ye are so soon removed from him that called you into the grace of Christ, unto another gospel, which is not another.—Gal. 1:6.

Here we have an expression of Paul's astonishment that the Galatian Christians were now slipping from the truth as he had given it to them and were trying to make a composite religion that would better suit them—a union of faith and works.

There is suggestion that there was something fairly analogous between the Galatian church and the church of today. When the first century closed there was a deposit of divine truth left in the form of some writings by prophets, apostles, psalmists, herdmen, fishermen and others, all inspired of God. This deposit may be considered from some three different standpoints: First, it was something that was for all the world as such, all nations and peoples. It was intended to be the foundation of the religion that the world needed; and upon it grew up the system of belief which, while varying in different countries and centuries, was substantially the same everywhere, and should be so today.

The church fell heir to this treasure but failed to be true as its custodian. Teachers of theology were like the Talmudists of old, and receded further and further from the original teaching as the centuries went by.

This deposit of truth also was given to the individual, for God never intended that his Book should be under lock and key.

But in quite recent times the aspects which that faith presents were greatly varied, and are quite different from the aspects in a previous time. The departure from the faith may be spoken of under three general propositions:

1. That faith is still the limit of attack on the part of its avowed enemies, although the form of attack has radically changed.

2. There has been a departure from the generally accepted interpretation of the Word of God on the part of a very large number of teachers of religion and various subjects in which the church in its external relations particularly are outwardly interested. What was the burden of that religious teaching? The ultimate denial of the supernatural. The result of this with many theological teachers has been in the first place the full acceptance of those views, and secondly a kind of teaching which leaves the pupil without any positive conviction. A further result has been that a generation of younger men educated in seminaries where there was such positive denial of the supernatural, or the hesitating and uncertain teaching, has grown up, and is at best uncertain in its convictions.

A still further result is that the people of the churches ministered to by such men are not informed as to the great truths of the Bible, and become the easy victims of all kinds of heresies such as Christian Science, theosophy, etc. Or, if they have not gone off into these heresies openly, are merely existing as bodies of Christians, with few signs of real life. A grand total result is that we find the Church of God today sturdily indifferent to the vital truths of Christianity, and holding fast to its existence by introducing all kinds of physical buttresses. There are great church buildings, universities, colleges, etc., mere charnel houses, for within there is nothing but decaying flesh and dead men's bones.

3. But there is another aspect of the day that is observable—the decay of individual faith. The writer has had many say to him: "We do not know what we believe any more." Inquiries being made along certain lines, such as the deity of Christ, the authority of the Holy Scriptures, the subject of regeneration, the same lack of faith was still expressed. There is nothing sadder than this in the whole realm of religious phenomena—people without faith. This aspect becomes tragedy when we realize that the young people of our Christian homes even express themselves as having no belief. One place where such faith is ruined is in the Godless colleges and universities of the land. The charge must not be placed on the state universities, for the danger from them is not so great as from the universities that are founded by Christian people and are under nominal Christian control.

What is the remedy? Before this remedy can be presented, many will succumb as victims of their ignorance, but the tide may be checked, if the world can be brought back to the acceptance of the great principles of the Protestant religion. The Church of God can do much by positively requiring of its teachers that they teach nothing but the fundamentals of our Christian religion, and teach positively.

## IT'S NOT YOUR HEART: IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ills afflicting people today can be traced back to the kidney trouble.

The kidneys are the most important organs of the body. They are the filters of your blood. If the poisons which are swept from the tissues by the blood are not eliminated through the kidneys, disease of one form or another will claim you as a victim.

Kidney disease is usually indicated by weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago.

All these derangements are nature's

signals that the kidneys need help. You should use GOLD MEDAL Haaren Oil Capsules immediately. The soothing, healing oil stimulates the kidneys, relieves inflammation and destroys the germs which have caused it. Go to your druggist today and get a box of GOLD MEDAL Haaren Oil Capsules. In twenty-four hours you should feel health and vigor returning.

After you feel somewhat improved continue to take one or two capsules each day, so as to keep the first-class condition and ward off the danger of other attacks.

Ask for the original imported GOLD MEDAL brand. Three sizes. Money refunded if they do not help you.
